

Army of Clay

Late 1800s London...An eight foot behemoth, a political battle, and a mystical text. A string of brutal murders have been taking place in Londons Jewish quarter. The victims are members of the anti-Jew movement, which is growing in strength throughout London. With the arrest of a Jewish man, who the inspectors believe to be innocent, time is against them to prove their hunch and to disrupt the anti movements retaliation against the innocent residents of the quarter. Ultimately, the inspectors will face a greater evil looming in the darkness. They will have to face the army of clay.
