

## The Mendacity Games

Christopher Bourgh is a shark in a very small pond. On the surface hes the perfect student, straight As and a promising career as an artist. Essentially orphaned by his mother, Callinghurst boarding school has become his home. With a magnetic personality, distracting good looks and a brilliant talent Chris is the shining star in the eyes of his headteacher. Only Chris isnt quite all he seems. Beneath his wholesome image hes weaving an intricate and complicated web of seduction, lies and secrets. Taking advantage of a world of restricted desires and overflowing hormones, hes prepared to go to many lengths to get what he wants. Hell turns allies into enemies and lovers into weapons if it suits him. Nothing is sacred and everything is eventually expendable. As the web grows tighter and more elaborate, his margin for error decreases. He must manage volatile and seemingly unrelated pawns in a devious sexy game of lies and secrets. Every step of the wicked games hes playing raises the stakes but it also brings him one step closer to the one thing he desires most...
