

Etats-Unis, années 40. Peyton Place est une petite ville aux apparences tranquilles. Mais derrière les façades propres des demeures victorienne ou celles plus vétustes des maisons des faubourgs, des drames se jouent. Dans les beaux quartiers, Allison ignore tout du secret qui entoure sa naissance et du passé sulfureux de sa mère. Tout ce qui lui importe pour le moment est l'amitié de la jolie Selena Cross, issue des taudis de la ville, qui subit les violences d'un beau-père alcoolique... Chronique au vitriol d'une petite ville américaine, où la condition des femmes est sans cesse bafouée, Peyton Place fit scandale lorsqu'il parut en 1956. Il est aujourd'hui devenu un best-seller international.
