

Intention, Implication, Wind

About the novel: After Chappy leaves home, Mirror falls off the house and comes to an important decision about her future and the future of the owl-eyed boy. On her subsequent journey, Mirror hears a voice like a can opener opening a can of trumpets. Read this book and you will start to hear sounds other people don't hear. Sounds locked deep inside walls, stirring to get out. Sounds in the chests of the people you pass in parks. Sounds deep under the ground, where darkness covers men skinned in humid walls, clambering in endless circles, looping endlessly back on themselves, till they turn their ways of being inside-out.
