

When his blood test results come back positive for HIV, Bruno Garcia—young, gregarious, and deeply closeted—is convinced his life is over. Instead, a surprise marriage proposal from his overwhelmingly competent immigration officer, Betty, offers him an undreamed of solution. Even after Bruno falls in love with Anthony, a Venezuelan ex-pat with familial baggage of his own, Betty stays by his side. The three form connections that defy conventions and span continents. *Three Loves* tenderly depicts how choices, not blood, determine the true meaning and shape of a family.
