

Online Contests and Submissions Unit Study

Your kids can win fabulous trips and millions of dollars by participating in the awesome kids contests available online! ... Well, not really. In fact, most contests for kids offer only modest prizes -- if they offer any prizes at all. They do, however, provide lots of fun and a little glory too. Invite your kids to go for the gold by competing in a contest, sharing their work at an online gallery, or submitting to an online organization. Brought to you by the HLN Family Publishers - an award-winning publisher of education content and unit studies on the web. Each unit contains explanatory content and is chock full of online resource links and book suggestions. Also included: 6-8 lesson plans and 2-10 worksheets. Days and days of learning and exploration within each unit! This unit study uses age-appropriate, reviewed links across the web to further your knowledge on this topic. It is best utilized with an internet connection. Great for homeschoolers, teachers, and anyone interested in having fun learning more about this topic.
